

Activities: Lampshade Relay and Bubble Bins

Lampshade Relay

As Chef Silly Tillie, Grandma wore a lampshade on her head. We used these two fabric baskets and pretended they were lampshades. We allowed them to take turns running with the lamp shade on their head. They returned and gave another friend a turn. (Some of the children enjoyed this more than others).

Bubble Bins

As Madame Frilly Tillie, Grandma gives the girls a bubble bath. I created 3 bubble bins for the children. I included measuring cups, sponges, and small animals they washed with the sponges. The children played for 30 minutes past Mommy and Me time, just enjoying the sensory bubble play.
