

Invent Your Own Nail Polish Names

Nail polish colors often have crazy creative names. When it was time for manicures, Darcy chose Lime-a-Bean Green. Daddy chose Lumberjack Black. Use crayons, colored pencils, or paint to create your own colors. Paint each bottle a different color. Then write a wacky name for each in the box below. Examples: berry blue, sunshine yellow, Elmo red, alligator green, barf brown, orangutan orange. Be creative!
